Dear Property Owner;

To better serve the needs of the public, Walnut Township has retained ***ms consultants, inc.*** for the North Walnut Township Storm Water Conveyance Study. Accordingly, we wish to advise you that it may be necessary for field personnel to enter upon your property within the next sixty (60) days to complete this work. All employees will have identification and all vehicles will display their company name. A copy of this letter will be available in their vehicles. This letter serves as notice that ***ms consultants, Willis Engineering and Surveying, and MAN Mapping*** are performing official business under contract with Walnut Township.

Sections 5517.01 and 163.03 of the Ohio Revised Code authorize entry into private property to perform work as described above. In the event that any valuable vegetation must be cleared in order to accomplish the work, you will be notified and informed as to the procedure to follow in preparing a claim for reimbursement. In all cases, however, removal of vegetation will be held to a minimum.

If at any time you feel that our representatives have not given proper attention to your property or if you have questions, you may contact Walnut Township Trustee Terry Horn [terryhorn@walnuttownship.com](mailto:terryhorn@walnuttownship.com) or Text/call 740-503-2200.
