Billing and Service Inquiries call 740-928-0302 or email wbilling@lickingcounty.gov

Regular Office Hours are 7:30 AM to 4PM, Monday-Friday

Forms and Rules & Regulations are available at: <http://www.lickingcounty.gov/ww>

Billing Procedure

Water and sewer bills are always mailed the last working day of each month and are due the 15th of the following month. Failure to receive a bill does not excuse penalties or charges against the customer's account. Past due accounts will be subject to a late penalty.

Delinquent Notice: If your account is delinquent the notice will be printed on the statement, no other notices will be given. The previous amount due must be paid and received in the Billing Office, by the close of business on the 15th to avoid water shut off.

Water Shut Off Procedure: If the previous amount due is not paid by the 15th, the water will be shut off. Once the water has been shut off, the account will need to be paid in full plus a \$45.00 reconnect fee to restore water service. (Note: If water reconnect is after normal business hours, weekends, or holidays the reconnect fee is \$65.00.)

Delinquent sewer accounts are certified to the property taxes.

High usage? Check for leaks first.

Check all toilets and faucets! Leaky toilets and faucets are the biggest cause of wasted water, resulting in large bills (see table at right). Check for a leaky toilet by placing a few drops of food coloring in the tank, if after 45 minutes the dye shows up in the bowl, the toilet has a leak.

You may also check for leaks elsewhere in the house by turning off all the water in your home. For example do not have the washing machine or kitchen faucet running. Look at your inside meter and you will see a dial. If the dial is moving it indicates there is water running through the meter. Contact our office to schedule a service call should you need assistance.

Diameter of stream	Gallons / Qtr
 1/4"	1,181,500
 3/16"	666,000
 1/8"	296,000
 1/16"	74,000
